DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Werner H. Stermer on 8/18/05.

The application has been amended as follows:

In the claim:

after line 16, claim 6, replace "opening the contact hole as far as a surface of the first conductive structure; and" with **—subsequently** opening the contact hole as far as a surface of the first conductive structure; and—

REASONS FOR ALLOWANCE

Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fail to disclose the combination of all the limitations recited, including forming spacers on side walls of the contact hole, the spacers acting as a barrier to diffusion of a material from the first conductive structure into the second insulating layer; subsequently opening the contact hole as far as a surface of the first conductive structure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
